

Name: _____ Date: _____

Climate and Weather Lesson 1 - Worksheet 1a

Measure the Weather

Complete the table below

You can find out the temperature from a weather forecast or by using a thermometer.

Location of rain gauge: _____

Day	Day and date	Water height (cm)	Temperature (°C)
1			
2			
3			
4			
5			
Total water height:			

What are the reasons that some groups might have recorded different values than others?

How do you think temperature might affect the water height that you recorded?

Complete the line graph to show the results of the experiment. Complete the scale on the Y axis, and remember to add a title for each axis.
